

$$Volume = \pi \cdot z^2 \cdot a$$

↕ Depth = a

↔ Radius = z

A special pizza budget for all

At Sioux Technologies, we believe it is important that our employees are given every opportunity to grow and develop their creative ideas. In the so-called expertise groups, colleagues come together on their own initiative to work on innovative demonstrators or to further explore program languages or new tech gadgets.

Sioux provides the tools and the food for thought. We call this the Sioux Pizza Budget, as pizza is the most popular choice of food for those meetings.

This special pizza budget is an extra topping on top of the extensive personal development budget that every employee has at his or her disposal. In this way, every employee can continue to grow. Want to know more? Check jobs.siuox.eu/pizza.
